Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by eating too much, or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result, fatigue comes early, in the morning and in the evening. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood the materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their clearing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandaraka root. Then there is Black Cherry bark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is a bankrupt vitality—such as nervous exhaustion, bad nutrition and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy. Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, with alcohol.

THE PEOPLE ALL

In Chorus Cried, Give Us Newber's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBER'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBER'S HERPICIDE promptly destroys; after which the hair grows. Gold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—40 cents and \$1.00. E. S. Leadbeater & Sons, Special Agents.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, with the Free Trial Box of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial relief. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Each jar contains 1/2 ounce of Catarrh Cure. It is incorporated into a variety, cream like Petroleum, imported by Dr. Shoop from Europe. It cures Catarrh of the nose and throat as extended to the stomach, then by all means also use internally, Dr. Shoop's Catarrh Cure. It cures Catarrh of the nose and throat, bloating, belching, biliousness, bad taste, etc. It is a cure for Dr. Shoop's Catarrh Cure. For use in the nose, throat, only of the nose and throat nothing else, however, need be used but

Serious Conditions in China.

A letter received in London from China says: "It looks as though the government was doing everything to alienate the young men educated abroad, and thus to play right into the hands of the revolutionists. The floods in Hunan, Kiangsi and Kiangnan last summer and the resulting famine have greatly strengthened the revolutionary party. Many men have been driven into brigandage. In Kiangsi the revolutionary bands received so many recruits that they were able to inaugurate the rebellion some weeks ago. It is reported suppressed by the authorities, but the real situation is unknown. Large quantities of arms and ammunition were smuggled into the country from Japan, and the rebels have been operating in a mountainous region where it is easy to elude pursuit and just as easy to cut off small bands of troops. Many of the imperial soldiers are said to be surrendering without much resistance, and thus turning over their arms to the rebels. It is said in Peking that 70 per cent, or more of the troops in the Yangtze region are disaffected. Discouraging facts have come to light in connection with the northern army, which was supposed to be thoroughly loyal. Now, that Yuan no longer commands, there is want of promptness in paying the men's wages and corresponding discontent. There is another feature of the present revolutionary movement that distinguishes it from other rebellious conspiracies in the past, and that is the high character of many of those engaged in it."

The Alaska Packers Association, who can the Argo Red Salmon, has the largest fleet in number of any shipping firm sailing under the American flag. It owns 55 steamers and 15 sailing vessels and charters many more. This is why Argo can be sold at 15 cents per can.

Cardinal Gibbons on Church and State.

Cardinal Gibbons, replying to a statement by Paul Sabatier, in which M. Sabatier speaks of the cardinal as being "so proud of the separation between church and state in America" and recommends him to read the papal bulletins, "which absolutely condemn it," gave out the following interview in New Orleans yesterday:

"In arguing for separation of church and state, I do not presume to speak for other countries or for other conditions. I speak only for my own country and its conditions, although I may venture the opinion that, whatever the opinion of the French episcopate may be with regard to separation of church and state, it would be better for that country if they could enjoy the real separation of church and state as it is in this country. I am, therefore, unalterably attached to the separation of church and state in this country and have always expressed my belief and satisfaction in it. I so expressed myself in its favor 30 years ago; I did so later on in Rome itself, and I have no hesitation in expressing the same solemn belief today. Indeed, I cannot speak too highly of the present relations between church and state here, where the civil government holds over us the aspect of protection, without interfering with the rights of conscience in proclaiming the truth of the gospel."

Cardinal Gibbons is in New Orleans to participate in the bestowing of the pallium upon Archbishop Blenk today.

Million Dollar Gift.

A gift of \$1,000,000 for the establishment of a fund for rudimentary schools for southern negroes was announced in Philadelphia last night. The donor is Miss Anna T. Jeanes, a Quakeress, of Philadelphia. Booker T. Washington, of Tuskegee institute, and Hollis Burke Frisell, president of the Hampton Normal and Industrial Institute, are named as trustees of the fund, but neither of the institutions they represent will share in the gift.

The income of the million dollars is to be used for the sole purpose of assisting in the "Southern United States community, country and rural schools for the great class of negroes to whom the small rural and community schools are alone available."

The deed of gift was executed Monday, and in it Washington and Frisell are empowered to appoint a board of trustees in connection with the fund. The Pennsylvania Company for Insurance on Lives and Granting Annuities, of Philadelphia will act as fiscal agent for the trustees.

Miss Jeanes, the donor, is about 80 years of age, and comes from an old and wealthy family that has been prominent for more than a century in the "Society of Friends." She has long been interested in the welfare of the negro, and has been a contributor to institutions for their education.

Woman Attacked by a Lion.

Entering the cage of an enraged lion at Oxford, Pa., on a bet of \$3 yesterday Mme. Lascelles, an animal trainer, was almost torn to pieces, while panic-stricken men and women fought for escape.

With a snarl, the beast sprang upon her, burying its claws in her breast and tearing savagely at her shoulders. The woman snatched her revolver into the animal's eyes and jammed her sharp prod into its throat, driving it off for a moment. An attendant jumped to the door and opened it, but as the injured trainer moved toward it the lioness, with a leap cut her off.

Panic-stricken at the form of the beast before the door, the crowd broke for the exits in wild scramble. The guards rushed in with glowing irons and cowed the beast, while the woman was dragged out. Physicians found that her arms were almost torn from the sockets, her shoulders mangled, and her breast terribly lacerated. It is doubtful whether she will recover.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers and others, should insist on having Dr. Shoop's Cough Cure. No poison enters into Dr. Shoop's Cough Cure, and none in the medicine, else it must be law on the label. And it's not only safe, but it is said to be by those that know it best, truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison enters into Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.
